Clean front and back printable artwork. Designed specifically for a regular crew-neck T-shirt.

T-SHIRT MOCKUP

Front and back views showing how the design looks on the actual T-shirt.

NAME + LOCATION

Santosh Kumar Panigrahy | Hyderabad, India

BRIEF INSPIRATION / DESCRIPTION

“One CBC Technology. A Stronger Tomorrow Together.”

This design represents CBC Technology as one global team, connected across geographies, cultures and disciplines. The connected world and network lines symbolize collaboration across people, platforms and locations. The simple technology-forward visual language reflects innovation, security and modernization, while the people, communities and impact elements connect our technology work to customers and colleagues. The limited color palette is intentionally clean and wearable, making the design practical for an everyday T-shirt while preserving a strong global CBC Technology identity.

Primary garment: Navy crew-neck cotton T-shirt

Primary print palette: White + CBC Blue. Optional charcoal and black variants shown separately.
